Cirrus Data Services - Service Level Agreement

This agreement covers the Cirrus Storage service provided by Cirrus Data Services.

1. Availability

Provider will use commercially reasonable efforts to maintain high availability, and targets uptime of 99.5% in a typical month.

Latency will generally be low under normal operating conditions.

2. Guarantee

Provider guarantees 99.9% uptime for each calendar month.

3. Service Credits

Customers experiencing significant downtime may be eligible for an appropriate service credit at Provider's sole discretion.

If uptime falls below 98%, a credit of up to 15% may apply.

4. Exclusions

Scheduled maintenance of up to 8 hours per month is excluded from downtime.

Force majeure events and network issues outside Provider's reasonable control are also excluded.

Emergency maintenance, as determined by Provider, is excluded from downtime.
